

Plot Analysis Packet

Today you will be working with your group to analyze the plot structure of a given short story. To begin, watch the plot notes Edpuzzle [HERE](#). Only **ONE** person in the group needs to play the video. The rest should watch, take notes, and discuss as different questions come up. Notes and answers to questions go on pages 86-87 in your notebook.

Once you have finished watching the video, discussing, and taking notes, **ONE** person from each group should see your teacher to pick up pages for the [Plot Analysis Mini-Book](#). For instructions on how to complete the book, watch the video [HERE](#). A quick overview on how to put it together can be found in this .gif [HERE](#).

Use the selection [“The Night Face Up”](#) by Julio Cortazar to complete the activities within the Plot Analysis Mini-Book. This should be completed as a group with each member working on their own mini-book. Once you are finished, the mini-book should be glued or stapled onto pg. 88 of your notebook.
